Insulator 3kV / Clevis - Pipe 2" Sch160 / 90°

Item number C2499-07

Applicable standards

EN 50124-1, IEC 61952, IEC 62217

Specification

System voltage (Um): 3 kV
Power-frequency voltage (50 Hz), wet: 20 kV
Lightning impulse voltage 1,2/50: 60 kV
Minimal creepage distance: 254 mm
Nominal load / tensile (STL): 50 kN
Recommended operating load / tensile: 20 kN
Nominal cantilever load / bending (SCL): 13 kN
Valid operating load / bending (MDCL): 5.2 kN
